Shelton's Got Talent

A Virtual Talent Show

Shelton staff and students are encouraged to be brave and share a **1-minute video (or less)** of their talent show act.

A compilation of all acts will be shared with families, and students will watch the acts during class time.

Acts could be performing a song, dance, or gymnastics routine, playing an instrument, telling jokes, etc. We have also had videos of trampoline and snowboarding tricks in previous years.

Submissions are due January 27th

Visit sheltonptsa.org for more information and the link to upload submissions. Or, use the QR code shared here.

Project Linus Success!

As part of their economics study, 2nd graders decided to buy, create, and donate blankets to Project Linus. This project-based learning study focused on helping the students create and implement a financial plan. The students worked with their families to earn the money to pay for the fleece needed for the blankets.

The three classes raised \$410, made 56 blankets, and donated \$75!

Thank you to all of the parent volunteers who helped with cutting fleece and tying blankets!
