News, Events, Celebrations, and Things Worth Sharing

## STEM Fair is December 1st!

Shelton's STEM Fair is a combination of Science & Engineering Fair and Math & Science Night. There will be hands-on math, science, and engineering activities set up throughout the school.

*Even if your student is not submitting a project to STEM Fair this year, we hope you will still join us for this fun school event!*

Visit [SheltonPTSA.org](http://SheltonPTSA.org) to register your student's science, engineering, or research projects to share at the Fair and during school. We hope to provide some easy food options in the cafeteria - more details to come.

We need volunteers for this event! Sign up to be a STEM Mentor or hands-on Presenter. We also need assistance with set up and clean up. Sign up at [SheltonPTSA.org](http://SheltonPTSA.org).

**The Kindergarten Open House will take place December 1st as well.** If you have friends in the area who will have a kindergarten student next year, encourage them to come check out all that Shelton has to offer.

## Donuts with Grownups

We would love for your family to join us for Donuts with Grownups! This will be a time to enjoy breakfast with your children and spend quality time with other Shelton parents.

Mark your calendars for Monday, November 15th! The event will take place in the library from 8-8:45AM. We hope to see you there!

## Thank You!

We want to take this opportunity to thank our Shelton Elementary community. Your contributions to the Direct Give Campaign, dine out nights, crossing guard duties, classroom volunteer help, Watch DOGS, snacks and meals for teacher conferences, Friday Folders, and much more do not go unrecognized. Our community is truly one-of-a-kind. Thank you for all that you do!

## 3rd Grade License Plate Competition

Shelton's 3<sup>rd</sup> graders are currently conducting research on Colorado history as it relates to the regions of Colorado.

The students will use the research to create a proposal for a historical license plate design for the Colorado DMV's competition. Students will then present the design proposals to graphic artist and communications experts from the DMV, then refine their ideas. Upon completion, the designs will be submitted to the competition. Winners will be featured in media releases, receive a special commemorative license plate, and win a \$1,000 grant!

Good job, 3rd graders! We're all rooting for you!

## Reminder - Reflections Entries Due November 7th!

Shelton is excited to participate in this year's National PTA Reflections Art Program. **The theme is "Show Your Voice"**. All Shelton students are welcome to participate and express themselves through one or more categories of art - **visual arts, photography, literature, music composition, dance choreography, and film production.**

Visit [www.SheltonPTSA.org](http://www.SheltonPTSA.org) for more details on the contest, rules, dates, and more!
